1. We have found no information regarding Subject in POB files.
2. The following data may possibly help BGB's investigation:
 - a. From conversations with G. MEYER it is believed that Subject manufactures, among other products, burglar alarm systems.
 - b. Since G. MEYER was once observed emerging from a vehicle with the license plate KB 01 40 97, this may possibly belong to Subject. In any case we would, of course, be interested to learn who holds this license.
